8th January 2018

Dear Resident

Night time road works including road closure and diversion:

### A339 Ringway Roundabout

I am writing to advise you about upcoming night time works to resurface the southbound A33 carriageway from Popley Way to Ringway Roundabout. Works will be taking place over-night for **five nights from Monday 22 to Friday 26 January 2018 between 8pm and 5am**, and will require the **partial closure of the southbound A33 and Ringway Roundabout**.

This work is a further stage in Hampshire County Council's on-going £10.6 million A33 major improvement scheme to increase capacity and reduce congestion, and is being undertaken at night to minimise disruption to daytime traffic, on this important strategic route.

Local signed diversions will be in place to redirect traffic, and a plan showing the area of works and the extent of the planned closure is shown on the reverse of this letter. Please note, northbound A33 traffic will be unaffected by this closure and the A33 and Ringway Roundabout will be fully reopened in both directions outside of these times.

Whilst every effort will be made to keep disruption to a minimum, the nature of the works means some additional disturbance is to be expected. Should you have any concerns, a project supervisor will be available during the works and can be contacted on 02380 742230.

Additionally, the works are weather dependent and in the event of particularly cold or wet weather may need to be re-arranged at short notice. Should this happen I will contact you again to inform you of the revised dates.

May I apologise in advance for any inconvenience these works may cause and please contact me directly via the details below, should you have any additional questions or concerns. Further information about the scheme is available via the project website at: [www.hants.gov.uk/transportchemes](http://www.hants.gov.uk/transportchemes).

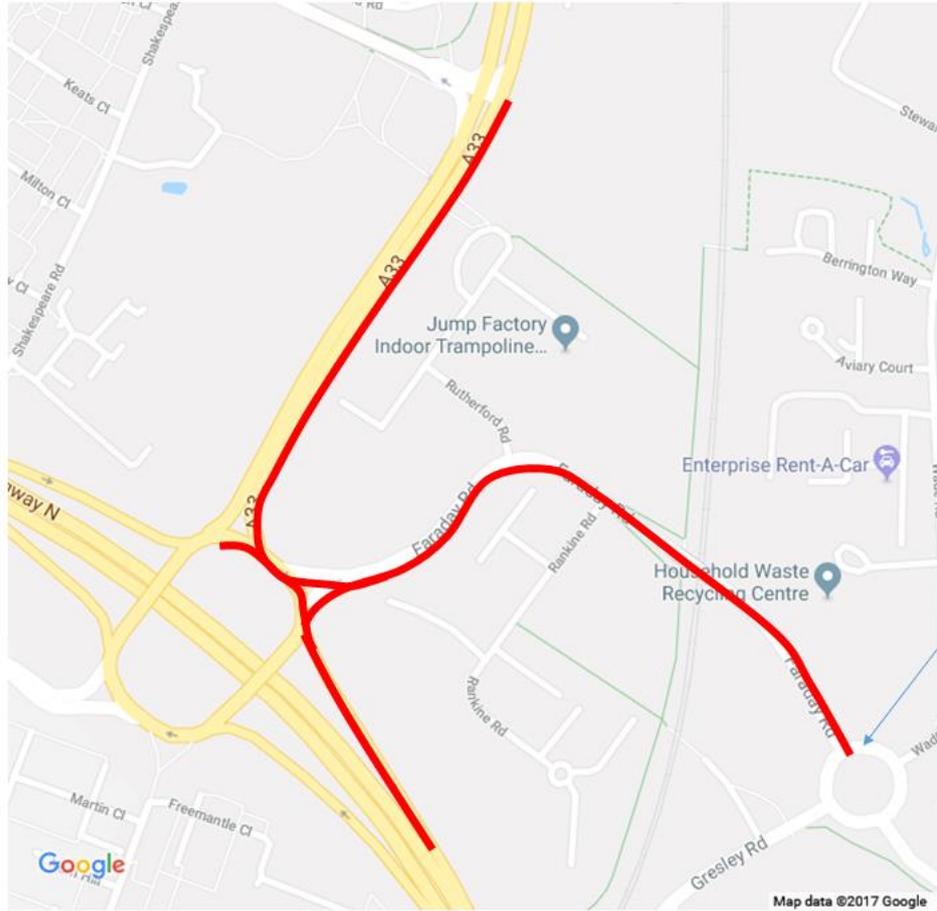

Yours sincerely,

Ellena Greenfield
